Workshop	Host	Description
Lancashire Digital Skills Partnership.	Kerry Harrison	IT skills basic offer, Digital Boost, and Possibilities with the VCFSE - blue sky - AI?
ICB Workforce Strategy	Lee Radford	5 Year ICB workforce strategy. Building our partnership, understanding the VCFSE workforce, training and education needs.
Health Equity Commission. Progress & next steps	Andrew Bennett. Andy Knox. Claire Platt.	<p>In 2021 the Institute of Health Equity was commissioned by the Lancashire and South Cumbria Health and Care Partnership and North East and North Cumbria Integrated Care System prompted by concerns about the high and unequal impacts of COVID-19 and the longstanding wide health inequalities within the region.</p> <p>Many of the recommendations from the Commission's report have been embedded in the work of existing partnerships across the region and the strategies they are taking forwards. This includes the Integrated Care Partnership, local Health and Wellbeing Boards and the Lancashire 2050 initiative.</p> <p>Join colleagues from the ICB Population Health team and from LCC for a discussion about we take this work forwards together.</p>
VCFSE Providers - working more closely together	You. (Facilitated by Angela Allen).	Whoever wants to can come together and discuss potential areas to collaborate better to increase and improve VCFSE involvement in delivery Health and Care services. You will own the outputs.
